Tumor board is a seminar series dedicated to fostering interdisciplinary study of topics relevant to veterinary oncology. To broaden the perspective, the executive committee is especially interested in involving residents, graduate students and basic science faculty with an interest in cancer diagnosis, treatment and biology. If you have suggested topics, or would like to serve on the executive committee, please contact us.

EXECUTIVE COMMITTEE:

Sean P. McDonough, Anatomic Pathology

Erica L. Behling-Kelly, Clinical Pathology

Kelly R. Hume, Oncology

James A. Flanders, Surgery

Robert S. Weiss, Cancer Biology
