**** Lunch will be served at these sessions to the first 60 participants, provided via the generous financial support of the Cornell Comparative Cancer Biology Program**

Tumor board is a seminar series dedicated to fostering interdisciplinary study of topics relevant to veterinary oncology. To broaden the perspective, the executive committee is especially interested in involving residents, graduate students and basic science faculty with an interest in cancer diagnosis, treatment and biology. If you have suggested topics, or would like to serve on the executive committee, please contact us.

EXECUTIVE COMMITTEE:

Sean P. McDonough, Anatomic Pathology: spm13@cornell.edu

Erica L. Behling-Kelly, Clinical Pathology: eb58@cornell.edu

Kelly R. Hume, Oncology: krh73@cornell.edu

James A. Flanders, Surgery: james.flanders@cornell.edu

Robert S. Weiss, Cancer Biology: rsw26@cornell.edu
